Super Maintenance Plan

Standard Plan/This plan is most beneficial to customers with newer equipment that have part warranties in place. This plan includes a thorough cleaning and maintenance check up for your heating and cooling system (1 visit in the spring for the air conditioning and another visit in the fall for the heating). Humidifier cleaning is included with the air conditioning cleaning.

*No additional trip charges (service calls) if any additional service is required throughout the year. Labor will be charged at an hourly rate. *15% discount on parts or accessories (including maintenance parts and filters).

- 1 Boiler or Furnace \$125.00
- 1 Humidifier Included
- 1 Central A/C System \$115.00
- 1 Water Heater \$55.00
- 1 Geothermal Heat Pump \$170.00
- 1 Fuel Oil Furnace or Boiler (nozzle and filter incl) \$210.00
- 1 Ultra Boiler \$205.00
- Combustion Efficiency (Fall visit only) \$55.00*

Cleaning the heat exchanger is an additional charge. Plan does not include plumbing, domestic water leaks, refrigerant leaks or pre-existing conditions. Plan costs \$20.00 more per visit for appointments on Saturday. Electronic Air Filter cleaning includes a safe chemical cleaning for \$30.00 each per year.

Multiple furnaces or central air systems: add \$80.00 for each additional unit. Multiple Geo units are \$125.00 for each. Additional water heaters are \$40.00 each. Services cannot be split (example: customer wants to only put their furnace on the plan, but has air conditioning). This is not an option. Reason: parts in the furnace also run the air conditioning system.

Terms do not apply to weather related conditions (such as lightning, snow, etc.), power surges or fuel supply complications.

*Utility rebate may be available.

Lennox Pulse furnaces are not eligible for the plan.

Super Value Plan

This plan includes a thorough cleaning and maintenance check up for your heating and cooling system (1 visit in the spring for the air conditioning and another visit in the fall for the heating). Humidifier cleaning is included with air conditioning cleaning. Water heater cleaning is included with the furnace cleaning visit. This plan includes 100% coverage for parts and labor up to *\$500.00 per season.

- 1 Boiler or Furnace \$220.00
- 1 Central Air System \$145.00
- Water Heater Included
- Oil Furnace or Boiler (nozzle and filter incl) Not Available

Includes after hour service. Cleaning the heat exchanger is an additional charge. Plan does not include plumbing, domestic water leaks, refrigerant leaks or pre-existing conditions. Plan costs \$20.00 more per visit for Saturday. Electronic Air Filter cleaning includes a safe chemical cleaning for \$30.00 each per year. Humidifier cleaning is included with the air conditioning cleaning. Multiple furnaces: add \$145.00 each / Multiple air conditioning systems: add \$105.00 each. Accessories are not covered, such as humidifiers, electronic air cleaners etc., but if parts are needed, they will be discounted by 15%. Services cannot be split (example: customer wants to only put their furnace on the plan, but has air conditioning). This is not an option. Reason: parts in the furnace also run the air conditioning system. Additional water heaters are \$60.00 each.

Terms do not apply to weather related conditions (such as lightning, snow, ect.), power or fuel supply complications.
